MARKING OF FIRE ZONES

CURBING AND STRIPING COLOR: Yellow

1. **SIGNS:** All signs are to be 12"x18", reflective, and are to read "NO STOPPING OR STANDING FIRE ZONE."
2. **SIGN MOUNTING:** All signs are to be mounted on posts driven into the ground, not portable stands. The bottoms of the signs shall not be less than six feet from the ground. All signs must be visible from the curb line.
3. **SIGN SPACING:** One sign every 75' feet. If the linear area is less than 75' feet, there will be one (1) sign.
4. **ZONE MARKINGS:** The curb in front of a fire hydrant and fire department connection is to be painted for 10 feet on each side.

Fire Zones are to be marked in the manner shown below.
