Deputy Chief Robert Minkler: Good evening. First, I would like to thank the Board of Fire Commissioners for their continuing support to the administration in helping us progress in our department forward. The first step to progressing is additional manpower which you will see is the reason why we are here tonight swearing in our three new firefighters. I'd like to thank the Chief of the department, Michael Balog, and Deputy Chief Mastanduno who could not be here tonight. I'd also like to thank Deputy Chief Mark Minkler who oversees the Training Division, Deputy Chief Stephen Weber, Administration along with the members who have been working with our new firefighters for their hard work and dedication to see these new firefighters to

complete their initial training. The new firefighters took the following in their first year with the fire department. They first started and went to our Pre-Fire Academy which is a four-week academy that we do here in the house. This training was to prepare the members for the Fire Academy. Throughout this time, they were shown how to properly put on and take off their personal protective equipment and self-contained breathing apparatus, the air pack that they wear on their back that provides them clean air. They also gained confidence wearing their PPE and their SCBAs. They learned how to move hose lines while floating water. They learned how to hook up to a fire hydrant, how to find most of the common knots in the fire surface, how to climb ladders, how to use gas powered saws and forcible entry techniques just to name a few. They then completed ten weeks at the Middlesex County Fire Academy where they obtained their New Jersey Firefighter One and Firefighter Two certifications which also includes initial Hazmat training. After the Fire Academy they completed their post-academy training where they further developed their skills learned at the Fire Academy and included in this, they attended the following classes. Motor Vehicle Extrication Training that consisted of twenty-four hours, Swift Floor Operations Training, sixteen hours, Swift Water Technician Training, sixteen hours and most recently our Emergency Medical Responder, fifteen hours, to help implement the fire department's First Responder Program. They have been assigned to their respective tours. Firefighter Jonathan Alves has been assigned to Tour Two under the command of Battalion Chief Keith McGrath and Captain Michael Geiger. Firefighter Margaret Rodas has been assigned to Tour Three under the command of Battalion Chief Barcellona and Captain Walsh and Firefighter Anthony Alves has been assigned to Tour Four under the command of Battalion Chief Hines and Captain Horvath. All other assignments they will continue their training and learn how to drive and operate the fire apparatus along with advanced firefighter classes and certifications. I wish you the best of luck in your career. We're going to bring up Firefighter Rodas first, you and your family.

Nicole Grzeskowiak, Labor Counsel : I Margaret Rodas do solemnly swear that I will faithfully and conscientiously discharge the duties of Firefighter for Fire District No. 1, Township of Woodbridge, New Jersey according to the best of my ability and render full service to the district and to the Fire Department and will at all times be subordinate to the orders and directions of my superiors and in conformity with the rules.
